Dr R.A. Falconer
Pres. Univ. of Toronto
Toronto

Dear President Falconer:—

I find I have an opportunity to get a letter out, so I write to you in regard to the appointment in Hamburg which we were discussing last May. I have of course received no word of it yet and shall not now until I again get in touch with the front. Would it be asking too much of you in requesting you to forward to me at Cochrane, but, such word as you have had in regard to it? I expect to reach that place about Sept 20.

I shall send another copy of this letter to make sure that you receive at least one of them. I am

Yours sincerely

A R McLean.

September 12th, 1914

Mr. A. R. Lower,

Cochrane, Ont.

Dear Mr. Lower:

I have a letter from Dr. Dibelius of Hamburg of date July 30th. He was anxious to get your address so that he might find out definitely whether you were willing to go to him this winter. There is no doubt, however, now that this arrangement will have fallen through as the war has upset everything. What the future has in store with regard to this movement of Dr. Dibelius in Hamburg time alone can tell.

I hope that you had a pleasant summer. With kind regards,

I am,

Yours sincerely,

President.
